ELIJAH DAVIDS

Orlando, FL | contact@elijahdavids.com | portfolio.elijahdavids.com

PROFESSIONAL SUMMARY

Early-career IT professional with CompTIA Network+ and AWS Certified Cloud Practitioner certifications, pursuing a B.A.S. in Computing Technology & Software Development (Cloud Computing), expected May 2027. Background in technical troubleshooting, customer support, case documentation, and escalation. Building practical skills in AWS, Linux, Python, and infrastructure operations through hands-on labs. Seeking entry-level cloud support, cloud operations, or associate cloud engineering opportunities.

TECHNICAL SKILLS

Cloud & Infrastructure: AWS (IAM, EC2, S3, AWS CLI); CloudWatch (familiar); Linux command line

Networking: TCP/IP, DNS, DHCP, subnetting, troubleshooting; CompTIA Network+

Programming & Tools: Python (foundational), Bash (basic), Git, GitHub

Additional AWS Lab Exposure: Secrets Manager, Glue, Athena, DynamoDB

Support & Productivity: Case documentation, ticketing/CRM systems, Microsoft 365, Google Workspace

HANDS-ON TECHNICAL EXPERIENCE

AWS Cloud Labs & Independent Learning | 2026 – Present

- Practiced AWS CLI and IAM workflows and worked with AWS resources in guided cloud labs.
- Executed Linux shell commands and setup scripts; reviewed command output and exit status to validate execution.
- Explored AWS data and security services including Glue, Athena, DynamoDB, and Secrets Manager in coursework/labs.

Python & Git Learning Repository | 2025 – Present

- Practiced Python fundamentals including data structures, string operations, and file handling; maintained learning work in GitHub.

PROFESSIONAL EXPERIENCE

Credit Card Associate | JPMorgan Chase Aug *2026 – Present*

- Assist customers with account-related inquiries while following security, privacy, and operational procedures in a regulated environment.

Technical Advisor | Concentrix *Oct 2025 – July 2026*

- Diagnosed and resolved hardware, software, connectivity, and account-related technical issues in a high-volume support environment.
- Documented troubleshooting steps, technical findings, and resolutions in CRM and case management systems.
- Escalated complex technical issues with detailed case histories to support efficient resolution.
- Followed established security procedures while consistently meeting service quality and performance standards.

Deli Clerk | Publix *May 2021 – Oct 2025*

- Supported daily operations in a high-volume environment, developing strong cross-functional communication and workflow coordination skills.

EDUCATION

Valencia College — B.A.S., Computing Technology & Software Development (Cloud Computing) | *Expected May 2027*

Valencia College — Associate of Arts, General Studies | *Aug 2025*

CERTIFICATIONS

CompTIA Network+ — Oct 2025
Operations Support & Services Certificate — Aug 2025
